"SHERRY THE JUSTICE FAIRY"

You left us so suddenly
We were caught off guard
Until now we didn't know
Missing you was so hard

You were working so hard
Fighting fiercely for us all
We thought your work done
When you heard God's call

But we know better now
From the signs we see
You're still on the job
Setting the innocent ones free

I can see you now
Strutting down that golden walk
Walking up to God's throne
Saying "We need to talk.

Here's what you should do.
Give me a special wand
Fill it with freedom sprinkles
And Judiciously guide my hand

I will sprinkle the innocents
And you set them free
Together we'll send them home
To be with their family"

Only YOU could do this
You are very special Sherry
We love you very much
For you're our JUSTICE FAIRY!
