

Rodney's Family

Rodney's father died before this tragedy and his mother only lived a few years after his conviction. She passed away in January, 1987.

Rodney is the youngest of seven children. His sister Alberta Lincoln died as an infant. His brother Lawrence Lincoln was ten years older than him and passed away in the 1990's.

His oldest sister Ruby recently passed away. Ruby's greatest wish was to live long enough to see her brother's conviction overturned and to see him walk out the prison doors as a free man. Unfortunately that was not to be. She lost her hard-fought battle with her second bout of lung cancer on June 27, 2013. She was 83.

He has two older brothers and an older sister who are eagerly awaiting their brother's release.

Robert Lincoln of St. Louis, MO – 82 years old

Virginia McGee of Festus, Mo – 80 years old

Clyde Lincoln of Omaha, NE – 73 years old

All of their lives have been irreversibly altered by this miscarriage of justice.
